

*Subject line: Support for SB 32 – Perinatal Bereavement Care in Louisiana*

**Change to correct name** Representative/Senator {Name},

Thank you for your service to Louisiana. I am writing to express my support for Senate Bill 32, represented by Senator McMath, which will be introduced in the March 2026 legislative session. This bill is deeply meaningful to families across our state who have experienced the heartbreak of stillbirth.

When stillbirth occurs, time with a baby becomes incredibly precious. Yet many hospitals lack perinatal bereavement care, leaving grieving parents rushed to make decisions and sometimes unable to spend meaningful moments holding their child, creating memories, and saying goodbye with dignity. Cooling devices such as the Caring Cradle or CuddleCot, along with trained hospital staff, give families the gift of unhurried time and compassionate support during one of the most devastating moments of their lives. Similar legislation in Texas received overwhelming bipartisan support, ensuring families receive this essential care.
